

## CORPORATE ACCESS

Our **booster option** covers specific medical procedures, treatments, scans, and surgeries that some medical aid plans exclude.

One **Gap Cover** policy covers you and your spouse, even if you belong to different medical aid plans, including the dependants registered on either medical aid plan. When a child dependant moves to their own medical aid plan, they must apply for cover on their own policy.

We cover **5 or more employees** as an employer group if you join through your employer.

Ask your employer if your spouse and dependants may join.

If your employer says yes to your spouse and dependants joining, add them to your policy.

Premiums and waiting periods are determined by the group's size, average age and whether cover is compulsory or voluntary.

## SWITCHING COVER FROM ANOTHER GAP COVER PROVIDER

Transfer underwriting may apply to applicants who switch cover from another Gap Cover provider.

**Gap Cover** works with your medical aid cover.

Your **Gap Cover** policy includes various benefits covering medical expense shortfalls for just about every medical eventuality.

Depending on the benefit's qualifying criteria, your medical aid must first pay a portion of the cost of your medical event before we step in and take care of the rest. However, not every medical event will qualify for benefits as your policy is subject to benefit and general exclusions.

## BENEFIT EXCLUSIONS

Your **Gap Cover** policy offers many benefits, each with specific qualifying criteria.
